FEATURES & BENEFITS

4 Ceramic Cooking Surfaces

Ceramic cooking ensures quick and uniform results, easy to clean and completely safe.

Frameless Design

Not only does it look good, but it is easier to clean without the usual steel lip on the edge of your hob trapping dirt and grime.

Child Safety Touch Control

To avoid programmed Touch Control commands being accidentally changed, or to stop children from activating them. This cooktop is equipped with a safety lock.

Residual Heat Indicators

As long as the element is hot this light will continue to glow. This light will lessen the chance of accidentally burning yourself.
