Place Settings

This Dishwasher has a 14 place setting. With more capacity means less wash loads, saving both water and energy.

Adjustable Top & Bottom Raking

Thanks to the foldable racks this dishwasher provides additional space for larger pots and dishes on both the top and bottom baskets.

Dynamic Intelligence

A sensor intervenes to adjust motor speeds and water supplies to avoid the filter from clogging without stopping the wash cycle.

Aqua Stop

The Aqua Stop system consists of a double-walled supply hose & a safety valve which offers you protection against water damage.

Zone Wash

Ensures maximum washing efficiency by performing a localised wash on a selected rack.
